

GREAT DAY DEEMING ACCOUNT

The deeming rules are a central part of the Centrelink income test, used to assess income from financial investments for social security and Veterans' Affairs pension/allowance purposes. Deeming assumes financial investments earn a certain rate of income, regardless of the amount of income they actually earn. If pensioners earn more than these rates, the extra income is not assessed.

For members receiving an eligible pension or who are a self-funded retiree, a Holiday Coast Great Day Deeming Account enables you to maximise your interest earnings as we pay half a percent per annum above the prescribed Government deeming rates, while keeping your funds at call.

With a Holiday Coast Great Day Deeming Account you will always have freedom to move your investments and use the money when you want, for what you want, how you want.
