This Product Disclosure Statement is issued by American Express® International, Inc. This document is provided to Telegraphic Transfer customers in Australia only.

Telegraphic Transfers

A Telegraphic Transfer (TT) is an electronic message initiated by one financial institution directing another financial institution to make a payment on its behalf. The payment is routed to the beneficiary's financial institution using intermediary financial institution(s) and a message platform. One such platform is known as SWIFT (Society for Worldwide Interbank Financial Telecommunications).

Most financial institutions have a unique Bank Identifier Code (BIC). The SWIFT participants exchange messages between themselves and due to the security built into the system – the receiving bank knows the message/ instructions are authentic.

The beneficiary financial institution will credit funds to the beneficiary account, dependent upon accuracy of payment details.

Telegraphic Transfers are one of the quickest and most secure method of executing payments abroad. The beneficiary generally receives payment within 24-48 hours after the transaction has been initiated; however this will depend on:

- The currency being sent
- Time zone differences
- Local exchange regulations
- Local settlement procedures
- Bank and country to which the payment is being directed
- Final destination point
- The amount of the transaction

American Express can send Telegraphic Transfers to most countries in the world in over 100 different currencies. Check with our Foreign Exchange Dealers for countries to which payments can be sent.

Telegraphic Transfers

Value Date

Every foreign exchange transaction specifies a date on which the exchange of currency will take place. This is known as the value date. The value date for most transactions is generally for 'spot' value which is two banking days after the date the transaction is agreed, in order to recognise time delays inherent in payment processing and systems.

'Value today' or 'value tomorrow' transactions are only available by special arrangement.

Cancellation

Once transmitted to the beneficiary financial institution and credited to an account, it is only possible to recall funds with the approval of the account holder. This process normally takes a minimum of one week and longer on occasions.

If a customer wishes to cancel a Telegraphic Transfer transaction, a cancellation fee is applicable. In addition to American Express fees, there may be a charge made by the beneficiary's financial institution and/or any intermediary financial institution.

In addition to these fees and charges, you may also have to pay an amount which represents the difference in funds credited back to our account if there is an adverse change in exchange rates between the time American Express processes the transaction and its cancellation. Dependent on exchange rate fluctuations, the amount refunded could be substantially different from the original amount of the transaction.

Once your international payments facility has been approved, you may send Telegraphic Transfers up to your approved limit.

Payment instructions may be sent to us by facsimile or by using our online system, FX International Payments (FXIP).

When sending payment instructions to us by facsimile, our standard International Telegraphic Transfer or Bank Draft Requisition form must be used. This form includes sufficient space to provide full beneficiary details. These order forms must be faxed to us on **1800 194 333**.

Telegraphic Transfers

Fees and Charges

American Express levies the following fees and charges in respect of each Telegraphic Transfer:

TT sent in foreign currency	Up to AUD 33.00
TT received in foreign currency	Up to AUD 33.00
TT sent in AUD	Up to AUD 55.00
Amending a TT	Up to AUD 33.00

*In addition to the fee, you may also have to pay an amount which represents the difference in funds credited back to our account if there is an adverse change in exchange rates between the time American Express processes the transaction and its cancellation.

Many financial institutions overseas impose processing fees when handling Telegraphic Transfers. These fees are set by the processing institution and vary between institutions and countries. As a result, the amount of the payment actually received by the beneficiary may not necessarily be the same as that requested by the customer.

Account and Beneficiary Details

It is important to have accurate and complete details when sending a Telegraphic Transfer. Mandatory information that is required to be completed by the customer, either on the International Telegraphic Transfer or Bank Draft Requisition form or via online ordering include:

- Complete name of beneficiary's financial institution – no abbreviations
- Complete address of the financial institution branch where the account is maintained
- SWIFT Code for the beneficiary's financial institution
- Complete and accurate name of beneficiary
- Beneficiary's financial institution account number including any additional identifiers (eg IBAN for the European Union).

Telegraphic Transfers

Repeat Beneficiary Coding

Once your international payments facility has been approved, each customer's beneficiary details are recorded in our processing system, ensuring accurate information is maintained.

Customer Service

Customer service issues for any Telegraphic Transfer are handled by our International Payments customer service team. They will be able to answer any questions relating to Telegraphic Transfer issuance and procedures.

International Payments customer service contact: phone **1300 554 884**.

Settlement Methods

Settlement in AUD is available via either:

- A pre-authorised Direct Debit from the customer's nominated bank account (subject to our approval).
- A Direct Credit to American Express' bank account. You must pay us in full in cleared and transferable funds for the amount of any transaction, as well as our applicable service fees before we pay, transmit or exchange any funds for you. American Express does not accept cheque payments for Direct Credit payments.

Each settlement method is subject to the attached terms and conditions.

Cut-off Time

Orders placed by facsimile (including receipt of Direct Credit funds) are required by 3.00pm (EST) for payments to be transferred same day. Orders placed online in FX International Payments must be completed by 5.00pm (EST) for payments to be transferred same day.

Please note, while the beneficiary generally receives payment within 24-48 hours after the transaction has been initiated, the payment can take up to 72 hours in certain circumstances. Where an order relates to a time critical transaction, orders must be placed at least 3 business days prior to the date and time when payment is required in order for customers to be assured of their payment being received on time.

Telegraphic Transfers

Fax Confirmations

Transaction Receipts and completed Transaction Confirmations are faxed to the customer. This procedure is generated automatically as the transactions are processed.

Customers ordering via the internet receive an online transaction reference and confirmation posted to their secure inbox.

Significant Benefits

- Fast, efficient transfers throughout the world.
- Able to transfer funds in up to 100 different currencies.
- Competitive exchange rates.

Significant Risks

- Payments may be delayed or become lost if incomplete or inaccurate payment instructions are provided.
- In the event of cancellation, any refund will be calculated at the current exchange rate on date of receiving the refund which may cause a foreign exchange gain or loss depending on the movements in exchange rates.
- For facsimile instructions, you should be careful as there is a risk of fraudulent facsimile instructions that can be made by someone who has access to your business details and a copy of authorised users' specimen signatures. We reserve the right to implement additional security checks at any time.
- We use a range of correspondent financial institutions to enable payments to be effected. There is a risk that payments may be delayed by one or more of these institutions due to factors outside our control.
- As the fees set by third party processing institutions vary, the amount of the payment actually received by the beneficiary may not necessarily be the same as requested.
